INVESTOR AWARENESS PROGRAMME

KEY TAKEAWAYS

- Financial Planning in COVID times
- Importance of Cash Flow Management
- Formulate Habit of Saving
- Understand the Securities Market
- Power of Investing Wisely

"When it comes to investing, nothing will pay off more than educating yourself"

- Benjamin Franklin

Trainer Ismail

In association with

Dear Principal,

Sincerely hope that you and your family are safe and healthy.

Given the current global scenario, the long-term economic impact expected will be far reaching and unprecedented. Hence it becomes imperative for people to be equipped with the knowledge to tackle any unforeseen financial circumstances.

Managing money is an essential life skill to get by in this ever-changing world and as the Head of an esteemed organization, the best that you can do for your people is to provide them with the right platform to become self-sufficient in managing money.

National Stock Exchange (NSE) of India, with its unique Corporate Social Responsibility (CSR) initiative, provides an insight into the perpetual struggle of money management and is committed to improve the financial well-being of people. NSE organizes extensive Investor Awareness Programmes (IAP) pan-India to help people learn about the basics of stock market, financial planning and safe investing to encourage them to participate in the country's capital market.

Eficaz in association with Skill Drives, training consultancy firms committed to creating a lasting impact in people's lives through learning initiatives, has been conducting these IAPs over webinars in-line with the new normal on behalf of the NSE. Eficaz's and Skill Drives empaneled set of trainers are competent to bring about a change in people's lives through their absolute involvement with the participants and are impeccable at program delivery.

Money management is an important skill that affects all aspects of our lives and NSE's Investor Awareness Programme is available for those who lack this know-how.

The broad outline of the programme would be:

- Need & Importance of Financial Planning
- Understanding the concept of cash flow management in our daily lives
- Formulating the new habits of saving
- Introduction to the Financial Instruments and Securities Market
- Benefits of investing and how to invest safely

“Money doesn’t buy happiness; money buys choices. It is what you do with those choices is what makes you happy”

Money is something that encases our whole lives. Having known this, yet most of us fall into the trap of debt and overspending without even knowing it. The feeling of never having enough money or living from paycheck to paycheck can lead to serious financial troubles that can easily carry over into a lifetime of financial struggles. On the other hand, good money management skills can make a life of financial ease depending on how quickly one develops those skills.

We request you to spare around one hour and a half towards this programme for us to empower your people, personally and professionally, towards achieving their life’s goals through understanding how to spend wisely, save regularly and invest safely.

*This programme is not aimed at promoting any particular product of any specific financial institution, but aims at educating people about the financial instruments available in the market to help them make informed financial decisions. **This is an initiative by the NSE towards their CSR and is conducted absolutely free of charge.***

We look forward to your support in bringing about this change and adding value in the lives of people that you feel responsible for, especially under these trying times.

A brief description of the objectives of the programme and the trainer profile is also given with this document to give you a better understanding of the session and faculty who would impart this information on our behalf.

Look forward to bringing about a change and impacting the lives of many through this initiative.

Warm Regards,
Team Eficaz/SkillDrives

Hi Vidyashree,

Hope you are doing well!

Wishing that you and your family are healthy and safe !

Skill Drives is a training and consulting firm based out of Bengaluru. We have been operational since 2015 and delivered training and coaching across Karnataka on various topics for technical and management institutions.

It is a pleasure to inform you that Skill Drives in association with Eficaz, both training and consulting firms, welcome your prestigious Institution to be a part of the Investor Awareness Program which is an initiative by the **NSE (National Stock Exchange)**. These sessions are (initiative by NSE) are absolutely free for the students and faculty members as well.

The attached file contains the details of the program and explains the objective of sessions to be conducted. Also, I have attached a demo certificate for your reference and banner that can be circulated amongst students to spread the word.

The details of timeline and batch size of sessions are as follows:

No of hours: 90mins per batch

No students in one session per batch: 65 to 75 (max)

Certificate details: E-certificate will be provided by Eficaz and Skill Drives

I would request your kindness to please let us know if there any queries/information required, we will be more than happy to assist and provide you the details.

I would be sharing a link to be rolled out to the college students for registration; below are the details that we would require from students through the online form:

Name

Telephone No

Email id

Gender:

Graduation: (B com/BBA/BBM/BCA etc)

Year: 1st, 2nd, 3rd

Vidya Shree <vidyashree.r.c@gmail.com>
